

Its the future. Jordan OBlenis may be a genius when it comes to computers, but with spies after his sister Cassies research in UAVs and artificial intelli-gence, he needs all the help he can get to keep her safe and save BWB Aero-spaces top secret drone project. Luckily for Jordan, he has Helen the frog expert and Cassandra, the sentient supercomputer programme he created, on his side. The problem is, Helen thinks kidnapping and interrogating a government agent is a perfectly logical solution to their problems, while Cassandra has developed a bad case of ethics. When old enemies snatch Jordan, though, its up to Cassan-dra to save the day, even if that means hijacking BWBs multi-million dollar UAV system. Its just borrowing, really...
