

Jami Brandt was raised in the South Central U.S., in a Christian home. In her forties, the discovery of a large tumor on her brainstem and subsequent surgery, was a game changer. She is paralyzed on the right side of her body, left side of her face, deaf in one ear, hard of hearing in other ear, has compromised vision, and has compromised speech. An emergency, life-saving surgery resulted in removal of some cerebellum. As a result, she has significant balance challenges. At the same time Jami acknowledges a physical catastrophe took place in her life, she credits this catastrophe as life-saving. Only after becoming disabled did Jami start to learn about and trust God. Jami was surprised to learn true joy can be experienced through great loss.
