

This dictionary provides fast and easy access to terms in areas such as: legal, judicial and court proceedings; law enforcement, police and military training; chemical essentials and chemical precursors; natural, synthetic and designer drugs; banking and money laundering. It also presents some related terminology for environmental, medical, psychological, social and economic matters. The dictionary includes a large number of jargon terms, and explanations of these have been provided in some cases, in order to ensure better understanding. This work is an indispensable tool for conference interpreters, court interpreters, translators and social workers.
