

In this early reader based on an episode of PBS's Martha Speaks, TD brings a new chew toy over to Helens house. Martha barely gives it a second glance as Skits bounds off with it. That is, until she sees how cool it is—its a squeaky flying squirrel! From then on, the two dogs cant stop fighting over who gets to play with the toy. Will Martha and Skits ever reach an agreement about how to share? Now available as a Spanish/English bilingual edition, this early reader includes activities in both languages to reinforce new vocabulary.
