

The New Gold Stock Investing Essentials: Supercharge Your Portfolio With Precious Metals And Our Top Mining Stocks

Gold can be your financial salvation. Just about every year a new bull market starts somewhere. The best way to invest is to buy just before a new bull market starts or just as it begins. In this book Mike Swanson shows you why now is the time to invest in precious metals and mining stocks at the start of a new bull market that will last for years . This book will show you the new essentials that you need to know now in order to invest wisely in gold and gold mining stocks in order to position yourself to limit your risk and maximize your potential rewards. This book will show you: 1)How to identify when any market is about to start a new bull market and why gold is perfectly lined up right now to go higher for the next several years.

2)The fundamental factors that will fuel golds coming rise. 3)The simple ways you have available to invest in gold. 4)How silver and silver mining stocks can play a factor in a gold portfolio. 5)How rising gold prices translate into exponential earnings growth for the right mining stocks and therefore result in big share prices gains for investors 6)This book reveals Mike Swansons top three gold mining stock picks for the next few years.
