

An easy-to-follow outline format quickly and clearly delineates what you must know to pass the CEN exam. Content follows the most current CEN blueprint and eliminates extraneous information that is not likely to be tested. Learning activities provide fun and stimulating ways to learn critical concepts, such as matching questions, essays, table completion exercises, and crossword puzzles. Anatomy and physiology reviews cover each core body system Case Related Learning activities include questions on clinical reasoning and decision-making. The online Evolve Exam Review course includes: Approximately 700 practice questions with answers, rationales, test-taking strategies, and suggested references Randomized questions to let you create up to 150 different practice exams Self-assessment quizzes that allow you to select 10 to 120 questions by body system, with immediate feedback for answers
