

The War of the River Kings erupts in full fervor across the Stolen Lands, pitting the heroes forces against an alliance of barbarians, bandit kings, and sinister fey creatures in an all-out clash! Only one ruler can claim the Stolen Lands, and that ruler must earn his prize through the blood of battle! A Pathfinder Roleplaying Game adventure for 13th-level characters, this volume continues the highly anticipated Kingmaker Adventure Path, in which the heroes win and defend a small kingdom from threats foreign and domestic. This volume features an extensive war using streamlined rules to resolve mass combat, a gazetteer of the bandit down of Pitax, and an article exploring the faith and fervor of Gorum, the god of war! Plus five all-new monsters in the Pathfinder Bestiary, new fiction in the Pathfinder Journal, and more!
