

# Roar!

A little boy and two dragons discover what really matters about friendship in this charming picture book from the author of *Me Want Pet* and *Mostly Monsterly*. With scissors and tape a boy transforms himself into a dragon! ROAR! he says. He is BIG. He is SCARY. Well, not really. When two dragons come over for a play date, what on earth will these three find to do together? The boy doesn't have big teeth and he can't breathe fire. He is just a boy. And the dragons can't eat ice cream or do cartwheels. They are just dragons. Luckily, the dragons care more about what they all can do together, like make silly faces and do the funky monkey dance. What they really care about is being friends. With simple, humorous text and classic, expressive line illustrations, *Roar!* is fun, short, and ready to be shared again and again.
