Banding together with what remains of the U.S. Navy, Wolf Squadron, and its leader Steve Smith, not only plans to survive he plans to retake the mainland from the infected, starting with North America. Smith's teenage daughters have become zombie hunters of unparalleled skill, both at land and on the sea, and they may hold the key to the rebirth of civilization on a devastated planet. At the publishers request, this title is sold without DRM (Digital Rights Management). About the Black Tide Rising Series: Not only has Ringo found a mostly unexplored corner of the zombie landscape, he's using the zombie frame to tackle a broader theme: the collapse and rebirth of civilization. The zombie scenes are exciting, sure, but it's the human story that keeps us involved. A fine series.
