

Kings Daughter

Winner of the Ruth Schwartz Award Jeanne Chatel has always dreamed of adventure. So when the eighteen-year-old orphan is summoned to sail from France to the wilds of North America to become a king's daughter and marry a French settler, she doesn't hesitate. Her new husband is not the dashing military man she has dreamed of, but a trapper with two small children who lives in a small cabin in the woods. With her husband away trapping much of the time, Jeanne faces danger daily, but the bravery and spirit that brought her to this wild place never fail her, and she soon learns to be truly at home in her new land.

The Kings Daughters is a term used to refer to the approximately 800 young French women who immigrated to New France between 1643 and 1700 as part of the King's Daughters program.
