

Corporate governance is regarded as a success factor for the development of growth companies and thus for the investments of venture capitalists. Despite its relevance for venture capital-financed companies and its impact on the firm value, the topic has so far not been extensively researched. Based on economic and managerial theories, Maik Kleinschmidt studies the relationship between venture capital, corporate governance, and firm value.

Modern Military Aircraft (Whats Inside?), The Mage of Trelian, Lets Go to Venezuela (Lets Go: Countries), Eyeball and Nosey: Treasury of 3 Awesome Stories (Volume 1), Sci-Fi & Fantasy (Cinematic History), Mongols (Historys Fearless Fighters), Personnages illustres du Canada, Volume 1 (French Edition), Authentic Cuban Cuisine, The Six Wives of Henry VIII - For Kids!,
